## GERMANS REPORTED FLEEING FROM METZ Hitler Summons All Germans To Fight to the Death

### Fuehrer Promises Victory against Allied Nations

#### His Proclamation Read by Himmler

By the Associated Press  
LONDON, Nov. 12.—A proclamation in the name of long-silent Adolf Hitler, read by the German chief Heinrich Himmler, tonight summoned Germans to fight to the death and promised victory against the Allies who seek Germany's "complete annihilation." Soundings every appeal to steel German will, the proclamation asserted, would not be a "cheap escape," appealed for loyalty to the Fuehrer, warned that his power is absolute, and declared that as long as I am alive Germany will not suffer the fate of European states flooded by Bolshevism.

**Hitler Fails To Speak**  
But the voice of Hitler—who has not spoken to his people for nearly four months in his gravest crisis—was not heard on this Sabbath which Berlin radio called "a day of national rising."

His silence, since the day after the July 20 attempt on his life, has led to reports that he is dead, or ill, or mad. His proclamation said only that his work "does not allow me to leave headquarters even for a few days."

The manifesto marked the staging of the Nazis' postponed anniversary celebration of the Nov. 9, 1923, beer hall putsch in Munich, and mass swearing-in of "millions" of men in the Volksturm or people's army, pledging fealty to Hitler and unconditional resistance to the Allies.

**Himmler Reads Proclamation**  
Himmler, rapidly coming to the fore recently as Germany's strong man, read the proclamation in Munich.

In a day of stark fanaticism, the Nazis leaders—Hitler by proclamation, Reichminister Goebbels and others in personal addresses at Volksturm ceremonies—sought to lead Germany virtually to national suicide.

They held up the hara-kiri fanaticism of the Japanese as an example for Germans in defense of their beloved Reich by every home, every street corner, every clump of trees.

All thought of compromise or capitulation was rejected. "The time of people who favor compromise or reserve has definitely passed," said Hitler's text as broadcast by DNB.

"We fight to the last breath," Goebbels told Volksturmers in Berlin.

**Old Hatred Renewed**  
Hitler's address struck the old Nazi propaganda chords of the menace of "international Jewry," and "Bolshevist barbarism" threatening, he said, to engulf not only Germany, but all Europe.

He appealed strongly for continued fanatic Nazi loyalty to himself, and while promising that Germany would triumph despite every obstacle, declared "we must be willing to sacrifice life in order to preserve life."

Death awaits any German who opposes the decision for last-ditch struggle, the proclamation said.

### Christmas Bonus Payments Given Approval by WLB

WASHINGTON, Nov. 12 (AP)—The Labor Board's simplified policy on Christmas bonus payments actually eliminates the need for employers to come to the WLB for approval, Chairman William H. Davis said today.

"They do not need WLB approval of the bonus they propose to pay," Davis said, "if the bonus is the same as they used last year." Davis said in a statement, "Approval of new or revised bonus plans will be virtually impossible under the stringent criteria required by the national wage stabilization program."

The WLB emphasized that under the amendment to its orders, employers will be permitted to hire an unlimited number of Christmas holiday temporary employees at rates above the minimum range for the year being filled, without disturbing the year-round hiring schedules for regular employees.

### Eisenhower Asks Home Front Help In Making War Loan Real Success

The following important statement has just been received by the Associated Press from General Dwight D. Eisenhower:

"Your assistance is needed and the most important job now for the people at home is to make the sixth war loan a success. To make sure of final victory we must redouble and sustain our efforts, both here and everywhere. The money must be raised and our men on all the fronts depend upon you. Contact your local War Finance committee and join the home front army as a volunteer war bond worker. On behalf of your sons, brothers, husbands, and friends in this great war theater I request that you do your part to see that the sixth war loan is vastly oversubscribed."

DWIGHT D. EISENHOWER,  
Supreme Commander of Allied Expeditionary Forces.

### Omura Aircraft Center Bombed By Superforts

By JOHN GROVER

A TWENTIETH UNITED STATES BASE, CHINA, Nov. 11 (Delayed)—(AP)—Superfortresses raided the Omura aircraft center in the Japanese homeland today in the teeth of a hurricane so violent that the big bombers were stood on their wing tips and some of the attacking force was shunted off for blows at Nanking on the Chinese mainland.

Tremendous winds over Omura on the island of Kyushu tossed the giant planes about like feathers, and so severe was the stress that rivets popped, Major Donald Roberts, Los Angeles, reported.

Stepping up their strategic bombing of Japan, the Superfortresses completed their seventh mission in twenty-seven days.

**Storm Disrupts Schedule**  
A sizable force took off with Omura as the primary target. The mission was designed to destroy all structures left standing after the successful raid of Oct. 25.

After the take-off the weather picture suddenly became ominous and a radio message ordered the Japan-bound formations to strike the freight yards and docks of Nanking. About half the formation never heard the order and flew on to Omura, bombing by instruments.

**Many Rivets Pop**  
Capt. Raymond M. Moore, Detroit, Mich., said much of the outbound trip was "through icing conditions, the worst I ever saw" and "crewmembers in the rear of the plane were batted about like tennis balls and all got air sick."

Weather cleared near Nanking, and bomber crews on that run said the port and railroads were heavily damaged, with several ships at the riverside docks left flaming.

Although fighter opposition was weak, a few crews reported seeing a new type of twin-engine Japanese fighter which was very fast. These made numerous passes but were driven off. Anti-aircraft fire was reported meager and inaccurate. Since Oct. 14 the Superfortresses have been out an average of every four days, leaving smoking ruins at Okayama, Heito and Ensho on Formosa, Omura, Rangoon in Burma and the Malayan base of Singapore.

### High School Boy Dies after Game

MACON, Ga., Nov. 12 (AP)—Lloyd Motes, 17-year-old senior at Lanier High school, died today of an injury suffered in Friday night's football game with Benedictine Academy of Savannah. He had been promoted to the varsity the day before.

Eager to show his advancement from the "B" squad was merited, Motes made a vicious block on a kickoff. A vertebrae in his neck was fractured.

are inflicting "annihilative" blows upon them.)

The high command also acknowledged another Japanese success in the campaign to drive American air power from South China, the loss of Luchow, nineteen miles northwest of Lichow on the railway to Kweichow province, one of the main lines of supply into Luchow.

Japanese forces which drove into Kwangsi province from the north appeared on the verge of a junction with those which invaded from Kwangtung province on the east. Such a junction would assure the Japanese of an all-land road from Hongkong to Manchuria.

### Hot Commercial Rivalry Certain Among the Allies

By JOHN M. HIGHTOWER

WASHINGTON, Nov. 12 (AP)—A fierce commercial rivalry is beginning to develop among the Allies. Unless kept in bounds it could grow into economic war that would nullify military and political plans for preserving peace.

This is the interpretation placed by American political and economic authorities on several current incidents, ranging from the Anglo-American-Soviet competition for Iranian oil to negotiations over next year's British lend-lease requirements.

**Conflicts Inevitable**  
The commercial conflicts setting in as the European war moves toward its close are generally considered by officials here to be inevitable. The fear "is that they may coincide with a wave of nationalism, resulting in tariff barriers, import and export quota controls and finally economic war between government-controlled economies."

The problem is among the toughest awaiting discussion by President Roosevelt, Prime Minister Churchill and Premier Stalin.

The Allied countries have made a start toward prevention in setting up an international oil agreement, proposing various other agreements at such meetings as the current aviation conference at Chicago and providing for an economic and social council in the proposed world peace organization.

Meanwhile there are some of the conflicting economic conditions and developments:

**U. S. Wants Free Trade**  
The United States government has laid down a basic policy of free world trade. It is opposed to special preferential agreements among a few countries and to preferences systems such as that of the British Empire.

The British are undecided. Their economic finances are virtually bankrupt, as they may soon tell the world officially in a "white paper." It is understood that within the British government is a controversy over economic collaboration versus a "lone hand" policy.

Russia remains an enigma. Some officials here regard the USSR as a foreign trade nation. Others predict the Russians will export only enough goods and raw materials to import machines and skill they need for rebuilding their domestic economy.

**Russia Closely Watched**  
The Russian policy question mark is written most clearly in Iran. A British company has an oil concession there and an American group was negotiating for one when the Russians stepped in with their usual hard-handed diplomacy. The American government wouldn't submit to the Russian demands and called off the American negotiations. Finally it had to resign. In 1919 the Russians gave up a similar concession, renouncing economic imperialism. There is some belief here they may be getting back in the game again now.

The British denounced, until finally American officials denied it, a report that United States business men were operating in army officers' uniforms in Paris immediately after its liberation.

American business men long have alleged British use of American lend-lease supplies for their own commercial benefit and the British have denied it.

British planning officials and American lend-lease experts have been estimating their 1945 requirements for months. All have denied any British intention to reexport lend-lease goods in commercial channels.

**British Plans Revealed**  
Yet the British have told the American government quite frankly that they intend to build up their export trade to the limit when the European war ends. They point out that American interests will be doing the same thing.

British officials say their basic position is that the United States must go along with Britain on economic measures to build up the nation—else Britain will go under and this country lose its oldest ally in the European area.

### Americans Hit Hard Blows in Drive for Ormoc

#### Thousands of Japs Killed on Leyte

GENERAL MACARTHUR'S HEADQUARTERS, PHILIPPINES, Nov. 12.—(AP)—The Americans struck heavily by land today toward the Japanese reinforcement bay of Ormoc, where already navy and army planes in three days have annihilated thousands of troops and, sunk at least thirteen destroyers and seven transports attempting to bolster Japan's position.

On the Ormoc road American forces attempted to pierce the Yamashita line around the bay region. Gen. Douglas MacArthur said Gen. Tomoyuki Yamashita, one of the enemy's top generals, was attempting to make this "the main battleground for his supreme effort to crush our liberating forces."

**Japs Have Big Force**  
Yamashita was believed to have upwards of 45,000 men in the Ormoc region to which the Japanese were forced to retreat after the Yank forces conquered the eastern shore. Third fleet carrier planes caught a Japanese convoy attempting to reinforce these units early Sunday and sank it, along with most of the 8,000 men it carried. Four transports and six destroyers went to the bottom of Ormoc bay.

In the air, the Japanese lost thirty-two planes, and possibly five others, to Navy Hellcats, Avengers and divebombers from Third fleet carriers, and to army land-based fighters.

**Two More for Bong**  
Maj. Richard I. Bong, of Poplar, Wis., America's ace of aces, shot down two Japanese aircraft, making his total thirty-six.

Seven United States navy planes were lost.

(Adm. Chester W. Nimitz, reporting on the Japanese naval losses, said that the Japanese lost three destroyers were "seen to sink," two other destroyers were "thought to have sunk" and the sixth was "damaged.")

Bordering the highway, the dismounted United States First cavalry was advancing cross-country, through the rugged region around Mt. Cabugangan, eight miles south-west of Carigara, and Mt. Pina and Mt. Badian.

Across the mountains from Ormoc, in fertile Leyte valley, the Ninety-sixth division was pressing the Japanese westward against the foothills. They had penetrated strong enemy pillbox positions.

### Dewey in Georgia For Needed Rest

SEA ISLAND BEACH, Ga., Nov. 12 (AP)—Governor Thomas E. Dewey of New York, seeking rest and relaxation after his hard but unsuccessful campaign for president on the Republican ticket, arrived here today for a vacation of possibly two weeks duration.

Quickly installed in the Cloisters hotel at this South Georgia resort, he stated emphatically that he was here only for rest, and that politics were "out" for the duration of his stay.

### German Labor Not Wanted by British

LONDON, Monday, Nov. 13 (AP)—Britain "intends to employ her own people productively to the full" and wants neither German labor nor German manufacturers, after the war, Lord Beaverbrook's Daily Express said in an editorial today.

### Turkey Prices Pegged

WASHINGTON, Nov. 12 (AP)—Turkey and the trimmings of what-ever Thanksgiving meal you choose in a restaurant will cost the same as a year, the Office of Price Administration said today.

Restaurants will be limited to a price not more than fifteen per cent above regular Sunday dinner prices, OPA stated.

### Hollywood-Gl Feud Comes to an End When USO Troupe Stages Hit in China

By JOHN GROVER  
A UNITED STATES B-29 BASE IN WEST CHINA, Nov. 11 (Delayed)—(AP)—The Hollywood-Gl feud is over so far as American super-bomber jockeys are concerned.

The enlisted men of the Twentieth Bomber Command—among the bitterest critics of previous troupes accused of listless performances and avoiding non-coms—have prepared a testimonial scroll of appreciation after a USO troupe headed by film star Pat O'Brien came showed and conquered.

### GET NEW POSTS IN U. S. NAVY'S BATTLE LINES

AS WAR STRATEGY SHIFTS toward the Pacific, Secretary Forrestal has just announced the appointment to new commands of the following trio of naval officers: Admiral Royal E. Ingersoll (left) who becomes commander of the Western Sea Frontier and will accelerate the enormous flow of naval supplies across the Pacific; Vice Admiral Jonas H. Ingram (center), appointed to succeed Ingersoll as Commander-in-Chief of the Atlantic fleet, with the rank of admiral; and Rear Admiral William R. Munroe (right) of Waco, Tex., who replaces Ingram as commander of the Fourth Fleet in the South Pacific.

### Cabinet Shakeup Unlikely: Fred M. Vinson Expected To Be Named "Assistant President"

By STERLING F. GREEN

WASHINGTON, Nov. 12 (AP)—President Roosevelt apparently plans to carry the old cabinet into his fourth term but is expected to name Fred M. Vinson as the new "assistant president."

Vinson, present director of the office of economic stabilization, would succeed James F. Byrnes now running the Office of War Mobilization and Reconversion on an interim basis.

Byrnes has indicated he would prefer not to have the post for the regular two-year term Congress provided. The new setup adds the problems of reviving civilian economy to Byrnes' old job as war mobilization director.

**Nomination Soon**  
Strategically placed sources predict that Vinson's name will go to the Senate shortly after Congress reconvenes Tuesday for confirmation in the assignment. He is expected to retain his present job too.

As for the cabinet, possible replacement of Secretary of Labor Frances Perkins remained a lively topic despite the absence of any indication from the White House that it is even being considered.

However, some reorganization of the administration's management of manpower appears inevitable, under mandate of Congress.

A rumor that Secretary of State Cordell Hull, who has been ill, was ready to leave the cabinet was quelled by Mr. Roosevelt's offhand remark last week that the secretary was expected back soon.

**Other Appointments Planned**  
Mr. Roosevelt is expected to send to the Senate also appointments of at least two of the three members of the surplus property board created by Congress to succeed William L. Clayton's Surplus War Property Administration.

The names of Sam M. Husbands, president of the Defense Plant Corporation, and Lieut. Col. Joseph P. Woodcock, executive assistant to Clayton, have been mentioned.

Clayton is leaving in the belief the new surplus disposal machinery is "unworkable."

Appointment of Brig. Gen. Frank T. Hines, veterans administrator, as director of retraining and re-employment—a post he now holds under executive order—was accepted as a foregone conclusion.

**Japanese Plants Dealt Hard Blow By Superforts**

By ELTON C. FAY  
Associated Press War Analyst  
The new B-29 attack on Japan's aircraft plant at Omura is a phase of the battle of Leyte being fought 1,400 miles away.

It is part of the critical struggle to arrest the build-up of enemy air strength in the Philippines.

Basically, there are three ways to deal with the reinforcement attempts—to destroy the reinforcements at the point of origin en route or upon arrival at the front.

**Air War Strategy**  
The air war strategy in the Western Pacific involves all three, with the Omura strike representing the first. That target, hit Saturday by the China-based Superfortresses, had been visited before by the Twentieth bomber command, the last time on Oct. 25.

At Omura, in the southernmost of the enemy home islands, is one of Japan's greatest aircraft assembly and repair plants.

General H. H. Arnold, air forces commander, asserts that Japan's fighter production must be a prime strategic target. He says that the quicker we disrupt Japanese aircraft production, the fewer fighters our men will have to meet in the air.

Attacks Scattered  
To this time, the attacks on the enemy aircraft industry have been scattered, a mere beginning on the task of stopping a production now running about 1,500 aircraft a month.

The United States is in better position to deal with the two other phases of the program: Both army and navy aviation, operating from take off points within the combat zone itself, are being employed.

The route of planes being sent into combat areas south from the factories in Japan is within reach of either army or carrier-borne aircraft, or both. Formosa, near the northern end of the staging route, has been hit heavily by the navy and by B-29s from China.

**Stilwell Succeeded By Lt. Gen. Sultan**

NEW DELHI, Nov. 12 (AP)—Lt. Gen. Daniel I. Sultan took command of Chinese armies in Burma officially today, succeeding Gen. Joseph W. Stilwell under direct deputization from Generalissimo Chiang Kai-Shek.

The action puts Sultan in command of all American and Chinese forces in the India-Burma theater which formerly was commanded by Stilwell.

The general arrived on Friday from Yenan, Communist administrative center in North China. His return was most unexpected as only recently he gave interviews in Yenan the impression he believed it would be useless to come back.

Generally it was believed his arrival presages resumption of negotiations between the government and the Communists which broke off last Oct. 2 after four months of discussion without agreement on even the slightest details.

The arrival of Gen. Chou more than offsets the sudden departure last week for Yenan of Lin Tzu-Han, chairman of the Communist administration, who had headed the delegation in talks with the government.

CHUNGKING, Nov. 12 (AP)—Fresh but still dim hopes of an eventual compromise between the government and the Communists which broke off last Oct. 2 after four months of discussion without agreement on even the slightest details.

### Patton's Tanks Gain Four Miles In Major Drive

#### Infantry Advances Through Snowstorm

By E. V. W. JONES

LONDON, Nov. 12 (AP)—The Germans were seen pulling out of Metz tonight to escape being trapped inside the fortress as Lt. Gen. George S. Patton's tanks and infantry drove forward along a seventy-mile front—advancing up to four miles through a snowstorm in some places.

A field dispatch said that long German columns, including many horsedrawn vehicles, were observed moving eastward from Metz along two high roads, but it was not clear whether the Germans were withdrawing only specialized units and equipment or preparing to give up the city.

**Nazi Defenses Softened**  
A front dispatch declared that there were signs of a softening of enemy defenses below the city as Patton's winter offensive on its fifth day pushed fifteen miles beyond jump-off positions with ever-rising momentum.

Sections of the Metz-Saarbrücken railway, from which big German railway guns had been lobbing shells into American positions, were overrun.

The Han bridgehead across the Nied river was deepened to at least two miles as more and more tanks clanked across the drive up to Herry, only seventeen miles from the Saar frontier east of Metz and but six miles from an enemy base at Faulquemont.

The Germans were reported pulling back material from around Faulquemont toward the Saar as Sixth division tanks rumbled nearer.

**Fourth Division Advances**  
Twelve miles to the east of the Sixth vanguards, the Fourth armored division kept pace by fighting forward more than three miles to Rodalbe, two and a half miles from the railroad at Benestroff that controls lines leading into Metz from Germany.

Between these two forces, the Thirty-fifth infantry in a four-mile advance drove the last German from the forts of Chateau-Salins, once a major enemy stronghold.

As the Third army beat off two determined counterblows north and south of Metz, the German radio declared that "a battle which will involve 5,000,000 men will flare up any hour in the west now." It asserted Gen. Dwight D. Eisenhower had completed all preparations.

The Nied river line was broken at a number of other points north-west of Han and even closer to Metz as the big push carried across two of the rail lines feeding into Metz from the east.

No more than eleven miles separated the Americans wheeling around Metz on the southeast and other forces pounding frontally four and one-half miles north of the fort-ringed city as Lt. Gen. George S. Patton's winter offensive swung into its fifth day with ever-rising momentum.

**Cut Vital Railway**  
Tanks of the Sixth armored division crossed the Nied river at Sarrus, seven miles southeast of Metz, severed the vital railway to Saarbrücken there, and brought the main highway to that Saar basin city within artillery range. The road is four and a half miles north of Sarrus.

The Germans threw in counterattacks on both flanks of Patton's assault lines as more tanks and infantry were sent across the Nied river barrier, over several bridges reported captured intact.

One counterattack hammered a wedge a mile and a half deep into the Koenigsmaacher bridgehead on the Moselle river, nineteen miles north of Metz and within four miles of the German frontier.

**Offensive Finally Checked**  
It finally was checked near Kerling, three miles east of Koenigsmaacher, and then the Ninetieth division veterans countered and seized off for Koenigsmaacher, virtually part of the Maginot line, taking 300 prisoners.

The second enemy counterblow was aimed from the east toward Hampton, three miles east of Chateau-Salins and was the first attack the Germans had attempted in the main fighting zone. Latest word at supreme headquarters was that this thrust was held.

**Stilwell Succeeded By Lt. Gen. Sultan**

NEW DELHI, Nov. 12 (AP)—Lt. Gen. Daniel I. Sultan took command of Chinese armies in Burma officially today, succeeding Gen. Joseph W. Stilwell under direct deputization from Generalissimo Chiang Kai-Shek.

# Achievement Day Plans Are Made by Homemakers

## Twiggtown Club Will Hold Meeting at Flintstone November 18

Plans for an achievement day program were discussed at a meeting of the Twiggtown Homemakers Saturday afternoon at the home of Mrs. L. H. Chambers, Williams road. The program will be held at Flintstone Saturday, November 18, at 7:30 o'clock in the evening. Other clubs participating in the program will include Piney Plains, Polish Mountain, Town Creek and Flintstone. Each club will have a definite part in the affair. Mrs. George Bottenfield, president, announced that first prize had been awarded to the Twiggtown club at the Flintstone fair, held last week. She thanked members for their work on the project. Mrs. Lucille Thomas gave a report concerning the number of exhibits at

the fair, displayed by members and their families. Armistice day was observed by singing patriotic songs and a peace review, given by Mrs. Austin Twigg. Games were led by Mrs. Homer Willis. Nine members and one guest were present. A community Christmas party will be held at the home of Mrs. Nelson Willis, Williams road, Saturday evening, December 9, at 8 o'clock.

## Music, Arts Club Will Meet Tonight

The Music and Arts club will meet this evening at the home of Miss Ann Dorsey, 205 Fayette street. Mrs. Henry C. Swearingin will preside with Mrs. Paye Mansfield as chairman. English music will feature the program. Mrs. Thomas Pickering will be soloist and Miss Dorothy Seebree will direct group singing of English, Welsh and Scotch folk songs.

The recording of the new Shostakovich Symphony with Mrs. Mabel Pope presenting program notes, will be an added feature.

## Marriage Is Announced

Miss Mary Ellen Donahue, daughter of Mr. and Mrs. J. C. Donahue, Altoona, and George Edwin Zembower, son of Mr. and Mrs. Charles Zembower, Bedford Valley, Pa., were married September 29 in the parsonage of the United Brethren church, Harrisburg. The Rev. Charles R. Beittel officiated at the ceremony. The couple will reside in Harrisburg.

# BAD NEWS!

ALONG with all the good news of victories abroad, comes some very bad news here at home. Fat salvage collections are TAKING A NOSE DIVE in many sections of the country.

That can mean just one thing! Too many of us are letting the good news GO TO OUR HEADS. Too many believe that, with the collapse of Germany, we can relax.

Don't these people know that the battle of Germany is just one chapter in this global war—and that we still have a long, tough road to travel in the East?

Even the TOTAL DEFEAT OF GERMANY can't help us one bit as far as the fat situation is concerned. And for a specific reason: IT'S THE JAPS WHO HAVE OUR FATS.

Our fat salvage troubles began when Japan moved into the Pacific areas and cut us off from ONE BILLION POUNDS of fats and oils we used to import every year. The Japs are still there—and we're still cut off!

So we must continue saving used fats to help make up that loss. To help make the munitions, synthetic rubber, medicines, soaps and other materials needed to finish the war. WE MUST SAVE EVEN HARDER THAN EVER. So let's get busy and send the fat collections climbing up all across America! THE NEED IS SO URGENT, our government gives you 4¢ and 2 free red points for every pound saved!

SO KEEP SAVING USED FATS UNTIL V-J DAY—the day when we can celebrate final victory over our last and toughest enemy—Japan.

Miss Marilyn Matilda Boyd, daughter of Mrs. William S. Boyd, Valley road, and Kenneth E. Hartman, gunners mate, second class, United States Navy, son of Mr. and Mrs. George D. Hartman, Smithsburg, Md., were married Friday at Norfolk, Va., by the Navy chaplain. A graduate of Fort Hill high school, the bride has been employed at the local G. C. Murphy store. The bridegroom, who has been in the navy for three years, was wounded while on duty in the Pacific area. He is now attending the school of amphibious training, Norfolk.

The couple will reside in Norfolk for the present.

## Married in Church

Miss Naomi Sirbaugh, daughter of Mr. and Mrs. Harry Alderton, Paw Paw, W. Va., and Staff Sgt. Charles McElfish, son of Mrs. Ruth Westfall, 210 Laing avenue, were married September 20 in Centre Street Methodist church. The Rev. Walter M. Michael, pastor, officiated.

The bridegroom was spending a thirty-day furlough at home at the time of his marriage. He had served in the South Pacific area prior to his furlough and has returned to that section.

## Christmas Activities Planned by CSMC

The Meriet Veteran Unit of the Catholic Students Mission Crusade met Thursday evening at the home of Mrs. Fred Bowser, 221 Paca street. Committees were appointed to be in charge of Christmas activities.

Plans for singing of Christmas carols will be in charge of Miss Louise Price, DeSales. Arrangements for the annual Christmas celebration will be made by Miss Stella Corliss, Miss Louise Santora and Mr. Cooke.

It was decided that the Catholic Information Society will meet Monday, November 20, at St. Mary's school. The group is sponsoring a drive for Catholic literature, old greeting cards and other paper material. The material will be sorted and packed for mailing at a meeting at the home of Mr. and Mrs. John Kreidler, Monday, November 27.

The next meeting of the unit will be held Thursday, December 14, at the home of Mr. and Mrs. Ambrose McKenzie, 204 Washington street.

D.A.R. Will Meet Cresap Chapter, Daughters of the American Revolution, will meet Wednesday afternoon at the home of Mrs. Lewis M. Wilson, 756 Fayette street. Miss Fan Lloyd will preside at the business session.

All members will participate in a Thanksgiving program, which will feature the entertainment. The president general's message will be read by Mrs. Marshall Miller.

**Power To Punish  
Apart from War**

A PERTINENT REMINDER is made in connection with the doubts raised as to the effective participation of the United States in a world organization designed to prevent future wars and it may serve to resolve such doubts.  
The reminder is made by Francis H. Wiswell, of Buffalo, who says that the need for prompt and forceful action to suppress warlike aggression is obvious and who believes that something should be done to compose it with express limitation in the constitution placing the power to declare war entirely in the hands of the Congress. He notes that entirely apart from that designated power stands Clause 10 of Section 8 of Article I of the constitution: "The Congress shall have power . . . to define and punish piracies and felonies committed on the high seas and offenses against the law of nations."

**Some Thoughts  
About Hunting**

ALTHOUGH there have been fewer hunting accidents this year than usual, because of the scarcity of ammunition and a reduced number of hunters, dozens of hunters have been laid low by their own or other hunters' carelessness. Nothing is more excusable than the accidental shooting of a hunter by himself, companion, or stranger.  
Presumably, people who venture into woods and fields to stalk elusive game are familiar with firearms and cognizant of their potentialities to deal death. If not, they should not be hunting. Hunting accidents fall into several categories. Crawling through a fence in such a manner that the gun is discharged, often with fatal results, invariably to its owner, is a common one. Another is the one in which a hunter falls in such a manner that his gun goes off and punctures his carcass.  
The prize for unmitigated brainlessness, though, must go to the hunter who mistakes another hunter for a deer or rabbit and brings him down. This hunter belongs to the classification of "bore without brains" and cannot sprout any.  
What to do with him after he has committed manslaughter is always a problem. Perhaps he should be turned loose on the first day of every hunting season wearing a horn spread.  
Safety suggestions are, as usual, available, based on the belief that every gun should be regarded as loaded until the contrary is proved. As one-fourth of the fatal civilian firearms accidents occur at home, safety councils urge that all hunters "put firearms away, unloaded and dismantled, with all ammunition, in a locked chest."

**The Browser's Bookshelf**

By MARSHALL MASLIN  
The Browser has just read a novel by an English writer, Chris Massie, who has rather extraordinary talents and is looked upon over there as "a promising literary figure." The title: "The Love Letters." The characters: A soldier in World War I who wrote love letters for an inarticulate lump of a boy who was killed immediately upon his return to the front after marrying the girl. The girl, first called Phoebe Morgan and then Singleton lived with two much older women who loved her deeply. One of the sisters was subject to fits. The other sister was found stabbed to death and it seemed obvious that Singleton had done it—because of the blood on her clothing and her own confession. However, she passed into almost complete amnesia and never quite achieved normalcy. She lived in charming and appealing fancy from then on.

**Gloomy View of Japs  
Is Quite Justified**

THERE ARE more battles to be fought over the rugged terrain and in the jungles of the Philippines. When Luzon, the key island, is reached, the attacking Americans will find that the Japanese have many defensive advantages. How long it will take to clean the enemy out, even in view of America's preponderant power on land, in the air and at sea, is anybody's guess.  
But following the sweeping triumph of American naval and air forces at sea in the waters of the Philippines, it seems unlikely that the invasion will now be threatened by serious enemy reinforcements. Japan's exterior communications have been wrecked by American fleet action. Within the islands any communications Japan has left will be at the mercy of the American air force. The enemy has no alternative but to fight in the archipelago with what he now has there.  
And there is no sea road America can not travel. It is now possible for warships and carriers to proceed right up to the coast of China, where Japan holds the ports and is striving desperately to establish communications by land. Adm. Nimitz can send task forces to the Indies, source of Japan's oil and rubber. The American navy conceivably could go to Japan itself. As Adm. Nimitz has said, Japan can not challenge any sizeable American force for some time to come.  
Japanese war lords are justified in the gloomy view they are taking of the source of the conflict in the immediate future. Supply lines of their empire are all but severed and they have no adequate defense against the devastating attacks to come by American carrier and land-based bombers.

**The Conflict  
On Aviation**

THE PRELIMINARY STATEMENTS of policy enunciated by the United States, Great Britain and Canada at the Chicago International civil aviation conference are in collision at a sufficient number of points to call for the utmost care in preserving the unity of the conference. With Russia out, the conference already lacks a true representation of the scope of postwar international air commerce.  
The United States favors an international air authority which shall have extensive "consultative functions," but shall not have the power to "allocate routes and divide the traffic." Essentially, it stands for world-wide free air commerce and is opposed to the granting of national subsidies to airlines to build up air commerce advantages and national prestige.  
Great Britain declared, in a white paper published October 8, for world-wide regulatory and control body similar to the United States Civil Aeronautics Board. It wants this body to have the power, as the CAB has within the United States, to "define international air routes which should be subject to international regulation." It also asks that this body have the power to provide for "the elimination of uneconomic competition by determination of frequencies," which means the total services of all countries operating on any international route, and also that it have the power to fix rates.  
Obviously, some international regulatory body is necessary for technical and safety purposes, and to make reports upon which changes of policy can be formulated. But this country will view with suspicion any surrender of the principle of free competition. This trade should be on a sound economic basis, which means that full play should be given to American genius and initiative.

**Hatred of War Breeds Isolationism and  
It Is Not Dead Now, Lawrence Declares**

By DAVID LAWRENCE  
WASHINGTON, Nov. 11—Many broad and impulsive inferences are being drawn from the election returns, and prominent among them is the widely expressed belief that "isolationism" was killed at the polls.  
It is true that a handful of "isolationist" senators and representatives will no longer be seen in Congress and it is true that in all probability a salutary influence will be exerted for a while upon the remaining "isolationists" who retained their seats or were not up for reelection. But to say "isolationism" has been killed or even weakened is to mislead the people.  
For most of the "isolationists" were not born that way—they are made. They are bred in large numbers, not during wars but after wars. President Roosevelt, if he misconstrues the mandate of the election, can breed millions of "isolationists" by the time the next congressional election of 1946 rolls around.

**Recall of Stilwell  
Has Placed Chiang  
In a Bad Spot**

By CENTRAL PRESS  
WASHINGTON—President Roosevelt did an unusual thing in announcing that Gen. Joseph W. Stilwell had been recalled to Washington from the China-India-Burma theater at the specific request of Generalissimo Chiang Kai-shek.  
He placed squarely on Chiang's shoulders the responsibility for the recall of the able American general, and he made it clear that Chiang's sole objection to "Vinegar Joe" was simply that he did not like him—in other words, that the recall was the result of a clash of personalities and not a reflection on Stilwell at all.  
In making this public statement, Mr. Roosevelt absolved Stilwell of any blame and put Chiang in the unenviable position in the eyes of the Allied world of paying more heed to his personal dislikes than to co-operation with his country's most powerful ally.  
The disclosure took a great deal of the sting out of the previous blunt White House announcement that Stilwell had been recalled.  
Some Washington officials feel that the Stilwell incident has exploded the fiction that China deserved to rank as one of the "big four" Allied powers.  
Washington diplomatic quarters are wondering whether Argentina has "put one over" on the United States by inviting a convocation of representatives of the American republics to find "an adequate solution for the present misunderstanding between the United States and Argentina."  
Argentina, it is pointed out, is taking advantage of the fact that a meeting of foreign ministers of the American republics is due.  
Moreover, there is said to be considerable apathy and dissatisfaction with this country's policy in the

**Heavy-Heavy Troubles**

Two of the nation's most critical war production shortages are traceable to the simple fact that men do not like to work in foundries, where the work is hot, heavy and dirty. The shortage is in heavy-duty trucks of ten tons and up and heavy-duty tires.  
Officials dealing with this problem say that lack of manpower in the foundry and forge industry is responsible for both shortages.  
Because of insufficient manpower in the foundry and forge shops, these officials say, there are not enough castings to keep heavy-duty truck production up to schedule, and there is also a scarcity of specialized heavy equipment to make giant tires.  
Transportation usually is in a chaotic state after the Allies gain ground in enemy territory, it is pointed out. It is then that the heavy-duty truck, and the giant tires on which it rolls, becomes important in the movement of supplies to the front to keep the offensive going.

**Heavy-Heavy Troubles**

Two of the nation's most critical war production shortages are traceable to the simple fact that men do not like to work in foundries, where the work is hot, heavy and dirty. The shortage is in heavy-duty trucks of ten tons and up and heavy-duty tires.  
Officials dealing with this problem say that lack of manpower in the foundry and forge industry is responsible for both shortages.  
Because of insufficient manpower in the foundry and forge shops, these officials say, there are not enough castings to keep heavy-duty truck production up to schedule, and there is also a scarcity of specialized heavy equipment to make giant tires.  
Transportation usually is in a chaotic state after the Allies gain ground in enemy territory, it is pointed out. It is then that the heavy-duty truck, and the giant tires on which it rolls, becomes important in the movement of supplies to the front to keep the offensive going.

## Redskins Score In Last Period To Down Tigers

### Register Touchdown and Field Goal to Remain Undefeated

By ORLO ROBERTSON

BROOKLYN, Nov. 12 (AP)—After being turned back by a stubborn Brooklyn team the first three quarters, the Washington Redskins scored once through the air and a field goal in the final period to defeat the Tigers 10-0 in a National Football League game at Ebbets Field today.

The Redskins scored the only touchdown of the game early in the fourth period after the Tigers had appointed a crowd of 20,404 by using the ball six inches from the goal line as the gun barked the end of the third quarter.

Sammy Baugh got off a poor kick from his end zone and the Tigers, now having lost seven straight games, challenged again from the back. But a fifteen-yard penalty nullified the attack and the Redskins went all the way in one play—Baugh to Bob Seymour aerial that scored the winning yard. Not a yard was laid on the Washington field as he scampered down the sidelines to the thirty and then took over to the middle of the field for the remainder of the distance.

Joe Aguirre added the extra point and a few minutes later booted a thirty-five-yard field goal to complete the scoring.

### Lions Win Easily

DETROIT, Nov. 12 (AP)—The Detroit Lions, scoring in every period of the third, handed the Cardinals a Pittsburgh combination its seventh straight National Football League reverse, 21 to 7, here today before 23,939 fans.

"Flatfoot" Frank Sinkwich scored 50 of the Detroit touchdowns, set p the other with a nineteen-yard pass to Bob Westfall and kicked all the extra points as the Lions reversed their second win over the Cardinals in eight days. Johnny Grigas, Card-Pitt fullback who went into the game as the league's second best ground runner, reeled off 123 yards rushing, six more than the entire Lion backfield, and completed thirteen (thirty passes for a pitching total of 177 yards. He thus ran or threw all but thirty-eight yards of his club's net production of 338 yards in the fourth quarter.

### Rams are Walloped

By LARRY SMITH

CLEVELAND, Nov. 12 (AP)—Don Hutson snared two touchdowns and kicked six extra points in the Green Bay Packers' swamping of the Cleveland Rams 42 to 7 in a National Football League game before 17,166.

Unable to score after a scoring aerial in his last three league games, the veteran Packer end put his club ahead in the opening minutes by snatching in a thirty-three-yard pass from Irv Comp. He added another late in the fourth period when Mike Kabealo of the Rams slipped Comp's pass into his hands at the end zone. Hutson placed all six points after touchdowns to boom his season scoring total to sixty-eight.

### Bears Down Yanks

CHICAGO, Nov. 12 (AP)—Sharp-shooting Sid Luckman pitched three shutouts, one covering thirty-six yards for the longest play of the season, to hand the Chicago Bears a 21-7 triumph over the Boston Yanks here today.

Halfback Ray (Scoop) McLean scored two of Luckman's touchdowns, including the record aerial which he completed with a forty-yard dash to shatter a 7-7 deadlock in the third period. The Bears scored their third touchdown in the final period on a 54-yard pass from Luckman to end George Wilson.

### Giants Tie Eagles

PHILADELPHIA, Nov. 12 (AP)—A Philadelphia rally by the New York Giants tied up the two touchdowns and extra points tied up the Philadelphia Eagles 21-21 today.

The prospects of the Eagles maintaining their tie with the Washington Redskins for the Eastern division crown looked bright until the final period when Arnie Herber took the air for the Giants.

Shooting a long pass from behind his own goal, the veteran of twelve years of National Pro-Football career, connected with O'Neal Davis, who raced to the Eagles' end zone where he lateraled to Frank Bilek who went over. The play was called back however when Davis was ruled ineligible to receive. Herber's next pass to Howie Livingston in the end zone tied the Giants their second touchdown of the game in the final period.

### Ken Strong booted the extra point

After penetrating the Eagles' line, the Giants again relied on Herber's aerial prowess and he flipped a 40-yard pass to Liebel on the twenty-five yard line.

Ernie Steele nailed him on the line while Liebel dropped across the goal line.

Strong booted the extra point, tying the score with a 40-yard pass and four seconds to go.

Zimmerman tried to turn the tide in the remaining seconds with an

## Six Games Are On Grid Program For This Week

The Martinsburg, W. Va.-Allegany high school game, scheduled for the Fort Hill stadium Saturday, features the scholastic program which includes six games, with one to be played Thursday, three Friday and two Saturday.

Cumberland's other two high school teams will also be in action this week with LaSalle playing at Keyser Thursday in what will be the final game for both teams.

Friday Fort Hill will host to Rockwell, here while Moorefield will play at Petersburg, and Greentown at Franklin. In addition to the Allegany-Martinsburg game Saturday, Hagerstown will play at Charles Town.

## Injuries Prove Fatal to Young Wisconsin Star

### Allan Shafer's Parents Ask University To Complete Schedule

MADISON, Wis., Nov. 12 (AP)—Allan Shafer, Jr., freshman quarterback, following Saturday's game with Iowa was a tremendous blow.

Wisconsin's football team made ready to carry on its 1944 schedule, which called for games with Michigan and Minnesota.

The parents of young Shafer, even in their grief, expressed to Dr. Clarence A. Dykstra, president of the university, the wish that the accident which cost the life of their only child would not interfere with the completion of the Badgers' schedule.

### Hurt in Second Half

Shafer, hurt midway through the second half of the Iowa game which Wisconsin won 26 to 7, collapsed while making his way off the field.

He was carried to the sidelines and taken to a Madison hospital where he died within an hour.

After receiving an autopsy report, coroner Edward A. Fischer said death was due to hemorrhage of the lungs "the result of a violent blow which could be produced by the forcible contacts common to football."

He said he doubted that an inquest would be necessary but reserved his decision until he had an opportunity to view movies of the game.

Shafer's death was the first gridiron fatality in the history of the University of Wisconsin and in Chicago, May, John L. Griffith, Western Conference athletic commissioner, said he could not recall that any other conference player had ever died as a direct result of a football injury.

Young Shafer entered the School of Engineering at Wisconsin this fall after a brilliant prep school career in Madison. Recently he had taken the entrance examination for the United States Naval Academy at Annapolis. Dr. Dykstra said "his future looked bright."

### Beset by Injuries

Injuries had dogged Shafer's trail all season and he missed two games and parts of others due to an attack of lumbago. Highly regarded by Coach Harry A. Stuhldreher, Shafer was the Badgers' signal caller, an able field general, and a sharp blocker. Only a few minutes before he suffered the injury which cost him his life, he recovered an Iowa fumble deep in Hawkeye territory which led indirectly to the touchdown that broke a 7-7 tie.

The Wisconsin victory over Iowa, for which the Badgers paid dearly, crowned the university's Dad's day program with success.

Shafer's parents were in the stands. Between halves the elder Shafer stood proudly on the turf of Camp Randall along with other dads, to acknowledge an introduction over the public address system.

The Shafer's were proud, too, but when the crowds cheered their son, But it was his final game.

### North End Tigers Beat Klein Indians

The North End Tigers defeated the Klein Indians 6 to 0 yesterday by scoring a touchdown in the second period when William Law raced through center from the twenty-five yard line for the only score of the game.

Lange's placement was blocked. DeHaven, Indians' fullback, starred for the losers while Law, Riley, Lange and Moore were outstanding for the Tigers.

Fay "Bubbles" Shroul, left guard for the Tigers, suffered a broken collar bone in the second quarter and was taken to Allegany hospital.

### Boston College Wins

BOSTON, Nov. 12 (AP)—A ninety-two-yard touchdown dash by Ed Walsh early in the fourth period enabled the Boston College Eagles to overtake Brooklyn college for a 24-21 victory today at Fenway Park.

aerial attack but Livingston intercepted the pass and set up a field goal try on the forty-three. Strong kicked a perfect field goal in the last twenty-nine seconds but play was called back and the Giants penalized. The Eagles swarmed in to block another try from the forty-eight.

The Giants set up the opening touchdown on the twenty-eight yard line when Jim Sivil recovered Ben Zimmerman's fumble. Bill Paschal, aided by Ward Cuff, drove to within a foot of the Eagles' goal from where a line smash carried Paschal over.

But before the Giants had time to enjoy their first touchdown, the Eagles evened things up when Steve Van Buren, rated as the rookie of the year in the league, scored a perfect field goal.

Strong's kickoff beat ninety-seven yards for a touchdown. Zimmerman added the point from placement.

Zimmerman booted his twenty-first consecutive point after touchdown in the third period after Mel Bleker carried over his forty-yard pass from the twelve.

## Army-Navy Game May Determine National Title

### Contest at Annapolis on December 2 Will Be THE Game of Year

By TED MEIER

NEW YORK, Nov. 12 (AP)—There no longer is any doubt that the coming Army-Navy game at Annapolis on December 2 will be the game of the year with the national football championship at stake.

The heels of Army's awesome 59 to 0 rout of Notre Dame—the worst defeat in Irish history Monday quarterbacks throughout the country and on our farflung sea and land battlefronts already are debating the merits of the two mighty service elevens.

Disregarding this week's games that pit Army against Pennsylvania at Philadelphia and Navy against Purdue at Baltimore, the figure fanatics point out that the Cadets probably will rule early favorites to trim the Middles. Didn't Navy beat Duke by only 7-0 while Army trounced the Blue Devils, 27-7, against Notre Dame Navy won by 32-13 while Army bettered this point total in the first half alone, 33-0.

### Comparison Is Made

Comparison of the Army-Navy game and Navy-Notre Dame statistics provides fuel for discussion.

### Army-Navy

First downs 11-8; 18-4.

Yards gained rushing (net) 226-70; 303-58.

Forward passes attempted 22-29; 9-32.

Forward passes completed 10-10; 3-13.

Yards gained, forward passes 100-100; 47-164.

Forward passes, intercepted by 8-2; 0-0.

Yards gained, runback int. passes 67-0; 0-0.

Punting average (from scrimmage) 25-41; 36-37.

Total yards, all kicks returned 95-180; 76-119.

Opponents' fumbles recovered 1-1; 1-2.

Yards lost penalties 60-55; 45-30.

An additional yardstick will be provided by Army's showing at Penn this Saturday. Two weeks ago Navy overpowered the Quakers, 26-0.

While the undefeated and untied West Point Cadets were gaining ample revenge for past humiliations at the hands of the Irish, Navy won its third in a row by trouncing Cornell, 48-0.

In the second big game of the day Michigan's Wolverines ground out a 34-0 victory over Illinois for their fifth straight, taking an early lead and stopping the Illini best thread on the one-foot line.

### Other Leaders Win

Other members of the top ten circle in last week's Associated Press poll also were victorious. Ohio State, ranked second to Army, walloped Penn, 54-19, while Randolph Field disposed of Maxwell (Ala.) 25-0.

The Bainbridge (Md.) Navy crushed the Cherry Point Marines, 50-7; the Iowa Seawawks walloped Bunker Hill (Ind.) Navy, 33-7 and the Fourth Air Force (March Field) tripped Washington, 28-0.

Duke spoiled Wake Forest's hope of a bowl bid walloping the previously unbeaten, untied Deacons, 34-0, while Minnesota surprised Indiana, 19-14; Arkansas upset Rice, 12-7; UCLA nosed out California, 7-0; and Missouri scored two last period touchdowns to the Oklahoma, 21-21.

Yale and Mississippi State continued undefeated while Great Lakes, Georgia Tech, North Carolina, Preflight, Oklahoma Aggies, Princeton, Georgia, Purdue, Tulsa, Texas Aggies, Kansas State, Penn State, Holy Cross, Penn, Utah and Denver all turned in victories.

Leading games this weekend, other than Army-Penn and Navy-Purdue, include Georgia Tech-LSU; Auburn-Georgia; Mississippi State-Alabama; Temple-Tennessee; North western-Notre Dame; Illinois-Olio State; Wisconsin-Michigan; Texas Aggies-Rice; Randolph Field-Southwestern; Second Air Force-Washington; Southern California-California and Dartmouth-Cornell.

### Orange Bowl Chairman Watching Grid Teams

MIAMI, Fla., Nov. 12 (AP)—A half dozen "November teams"—the stretch-runners who come out strong in the final games—are being watched as Orange Bowl possibilities, Schedule Chairman C. F. (Jack) Baldwin said Sunday.

Duke, Georgia, Virginia and Georgia Tech in the South, and TCU and Arkansas in the Southwest all showed signs in their Saturday's games of making strong finishes this season. Duke trampled unbeaten and untied Wake Forest, 34-0; Georgia outscored Florida, 38-22; Virginia crushed Richmond, 39-0; Georgia Tech routed Tulane, 34-7; TCU whipped Texas Tech, 14-0, and Arkansas upset Rice, 12-7.

Two leading Southern candidates for an Orange Bowl bid, Alabama and Mississippi State, collide this Saturday, and TCU has a crucial date with Texas, another Southwestern hope.

Also under consideration for the New Year's day football show here are Tennessee, from the South; Tulsa, Oklahoma A. & M. and Texas A. & M. from the Southwest; Michigan State and Iowa State from the Middle West; and Holy Cross from the East.

### Tulsa Player Is In Serious Condition

TULSA, Okla., Nov. 12 (AP)—Bob Hellinghausen, University of Tulsa football player injured in yesterday's game with Southwestern university, was reported still in serious condition today after an emergency operation.

The 20-year-old center from Breckinridge, Tex., was knocked out late in the third quarter. When he failed to rally, he was rushed to a hospital where physicians ordered an immediate operation for removal of a lacerated spleen.

## Hagerstown Is Swamped 27-0 By Fort Hill

Sentinels Score Twice in Second Quarter and Two in Fourth

The Fort Hill high school Sentinels completely outplayed Hagerstown in scoring an easy 27 to 0 victory, in which the Sentinels made twenty-three first downs to three for Hagerstown, and gained 354 yards to fifty-five for Hagerstown.

After a scoreless first quarter the Sentinels struck twice in the second quarter, with Whiteman going through right tackle for the score. A pass from Jewell to Ray Lapp accounted for the second score. Whiteman kicked the extra point after the second touchdown but a bad pass from center spoiled his try after the first score, as he had to run the ball and failed to get over the goal line.

Neither team was able to score in the third quarter although Fort Hill picked up a lot of yardage but was never able to cross the goal line. The third Fort Hill score came early in the fourth quarter after the Sentinels carried the ball deep into Hagerstown territory in the closing minutes of the third period. Richard White made the score by going around left end and Whiteman kicked the extra point.

Taking the ball on the Hagerstown forty-nine after Hagerstown was forced to kick, the Sentinels reeled off one first down after another until they placed the ball on the three-yard stripe. Whiteman was held for no gain on a try at the line but on the next play he crashed over for Fort Hill's final score. His kick was good for the extra point.

Following the fourth score Coach Mel Henry sent in his second string players and they made two first downs. Just before the final whistle the first team backfield returned to the line but the game ended without any more scoring.

Hagerstown tried thirteen passes, completed one, and Fort Hill intercepted five. The Sentinels completed four out of six passes, gaining forty-seven yards through the air while Hagerstown's lone pass completion was good for thirteen yards. Fort Hill was penalized sixty-five yards and Hagerstown twenty.

## Bainbridge, Navy Are Impressive In Victories

By FRED STABLEY

Associated Press Sports Writer

Maryland's two claimants to national football honors—Navy and Bainbridge—added lustre to their already impressive records by rolling up one-sided victories Saturday over Cornell and Cherry Point Marines, respectively.

Elsewhere, Free State teams ran to plenty of trouble, coming up with but one victory against three defeats.

The University of Maryland was snowed under a 33 to 0 count by the Michigan State gridgers at East Lansing, Mich., for its sixth consecutive loss this season.

Morgan State college for negroes of Baltimore, suffered its first defeat since 1942 by dropping a 2 to 0 decision to the Tuskegee Ala. Army Air Base eleven at Griffith Stadium, Washington, a result that rates as a major upset in the Colored Intercollegiate Athletic Association. A safety represented the margin of victory.

Camp Detrick also benefited by a safety to register a 2 to 0 victory over Mt. St. Mary's college at Emmitsburg, thereby reversing an early season decision scored by the Mounts over the soldiers.

Major interest centered, however, on Baltimore Municipal Stadium where the Navy powerhouse trampled Cornell, 48 to 0 and at Bainbridge Naval Training Center, Port Deposit, where the high-riding Commodores chalked up their fourteenth straight win at the expense of the Cherry Pointers.

As the scores indicate, neither game could be called a contest. Navy racing up and down the field for seven touchdowns and Bainbridge going the Tars one better with eight.

It was Bainbridge's seventh win of the year without defeat and Navy's fifth in seven tests.

Next Saturday Navy will round out the preliminaries to the all-important Army game Dec. 2 at Annapolis by engaging the potent Purdue Boilermakers of the Big Ten at Baltimore Municipal Stadium.

Bainbridge will journey to Camp Lejeune, N. C., for another crack at the Marine eleven which it smeared easily at Bainbridge several weeks ago, and Maryland will travel to State College, Pa., for its annual joust against the Penn State Nittany Lions.

Morgan State will play its annual homecoming day game with Hampton Institute at Baltimore.

## Johnny Grigas Takes Over Ground Gaining Orders in Pro League

DETROIT, Nov. 12 (AP)—Fullback Johnny Grigas of the Cardinal-Pittsburgh combination took over the National Football League's individual rushing leadership today by advancing 123 yards in twenty-five carries in the first half of a 21 to 7 decision to the Detroit Lions.

Grigas thus boosted his season rushing total to 558 yards, forty-five more than the erstwhile leader, Bill Paschal of the New York Giants, who gained forty-six yards as his club tied the Philadelphia Eagles and now has 513.

Mrs. Raymond L. Moore, music chairman, led in group singing. Eight pupils under the direction of Mrs. Nyta Greenwade, of the music department of Bruce high school, presented a group of vocal selections. Piano selection was given by Toni Dayton and a vocal number by Leo DiGirola. The members brought a sample of something they have achieved during the year.

Mrs. John E. Grindle, president, appointed a nominating committee for the selection of officers to report to the next meeting. Refreshments were served in charge of Mrs. Helene Poland. Three new members were received: Mrs. Vivian McKenney, Mrs. Ralph Briggs and Mrs. Harold McCullough. Thirty-five attended.

many lines, by cutting quality and service or creating new inferior brands or by any one of a hundred devices difficult or impossible for the customer to detect, he can "charge anything."

The one who told me this was a restaurant proprietor but I can see the same thing is true in other lines. The list prices on the wall concern items that are sold out most of the time.

## Work Is Selected

Then there is the roofer, I called one I do not know, who had an advertisement in the paper, to fix two leaks which are ruining the plaster. He questioned me closely about the nature of the job and then told me: "If we do not get out next week, you will know we could not handle your job." In the end he made it rather clear that he selected only work from which he could make the most money. If I wanted a roof put on he could do it, but he would not fix small leaks, I guess it will leak all winter unless I fix it myself.

I finally contracted for some painting. The painter did half the job, then as it was Saturday he said he needed money to pay his men, so I paid him up to date. He never returned to finish the other half of the job. I thought he might be waiting for a rainy day to do the interior work, but we had a week of rain thereafter and he never showed up. I reached the conclusion he must also have chosen another job in the middle of mine.

Now these are not amusing symptoms from a single community but striking and common examples of a new kind of national inflation which does not show in price or manpower statistics or problems as handled in Washington.

## Point Recognized

Mr. Roosevelt, in his campaign, recognized one of the points involved. He promised high wages for a "full" work week, the first time I can recall he mentioned the word "full." This may mean some action is coming to promote full national production by available manpower. But if he contemplates only another national wage increase as suggested, it will complicate the problem, the essence of which is that the people have two or three times as much money as the goods they can buy, and a seller's market is demoralizing war economies.

The proper time economically for a wage increase is when lay-offs start in war production, after defeat of Germany so as to take up that slack in purchasing power and maintain the existing level of national income. Otherwise more irresistible impetus will be added to the inflationary impulses already noticeable everywhere except in the statistics.

The president said something in his Boston speech about having cured inflation. I think he still has a lot of work to do on it.

## PLANS WILL BE MADE TUESDAY BY MIDGET LEAGUE

Final plans for the 1944-45 Midget League basketball season will be made at a meeting of adult representatives tomorrow night at 7 o'clock in league offices at 1 North Liberty street. Plans call for the season to get under way December 3.

Teams which have already signified their interest in joining the league as well as others who wish to become affiliated with the league are requested to send representatives to the meeting, in order that a schedule can be drawn and other arrangements completed.

Six clubs in Cumberland had said they plan to play in the league and teams from Frederick and Mt. Savage plan to take over the berths in that section of the county. Several other teams are showing interest in the league.

Two holdover teams in Cumberland are the Klein Indians and the Pirates. Two Police Boys' club teams plan to play and it has been announced that teams from the West Side and South Cumberland plan to play in the league.

The Midget League will be for boys under 17 who do not play with any other organized group. League commissioners have announced that in case there is enough interest shown by the boys, and if available playing space can be found, a second league will be organized.

# Nineties Revue Will Have Finale Tonight on Radio

## Laughton Will Appear As Benjamin Franklin in Cavalcade

By C. E. BUTTERFIELD  
NEW YORK, Nov. 12 (AP)—Gay Nineties revue, veteran Joe Howard at the helm, comes to a close with Monday night's broadcast at 8:30. The CBS advance schedule indicates. This program, started as a sustainer and later presented under a sponsor to feature songs of the past generations, has been on the air several seasons without an interruption. Joe for his last program is to sing "I Wonder Who's Kissing Her Now."

Charles Laughton, of the film, is to appear as Benjamin Franklin when Cavalcade of America comes to NBC at 8. The play is titled "The Laziest Man in the World" and is to deal with the inventive genius of Franklin.

**Vox Poppers in California**  
The Vox Poppers, now starting the thirteenth year of their program, will be at Chico, Calif., for CBS at 8 where they are to interview junior Red Cross workers. Once more Helen Traubel is to be soloist with the Don Voorhees concert of NBC at 9, singing the usual allotment of four songs. A version of "Magnificent Obsession" is to be made available in the CBS Radio Theater at 9, for which Claudette Colbert and Don Ameche are billed. Author's Playhouse of NBC at 12:05 a. m. is scheduling "Long Way Round." For the time being MBS is devoting its 7:15 p. m. period to fifteen-minute dance band shows. The Doc & Q quiz, with Jimmy McClinton as "doctor" is now being presented from Rochester, N. Y., on NBC at 10:30.

### Pfc. Paul Hyde Receives Purple Heart

Pfc. Paul F. Hyde, 34, husband of Mrs. Helen Hyde, 309 Maryland avenue, has received the Purple Heart decoration, according to a recent letter to his wife.

Pfc. Hyde was wounded in France August 28 while serving as a telephone operator with the Sixty-ninth division. He is now hospitalized in England.

A graduate of Allegheny high school, Pfc. Hyde was employed by Tom's Cleaners here before working at the Celanese plant in the finished fabrics department. After entering the service in May, 1943, Pfc. Hyde trained at Camp Shelby, Miss., and went overseas early last June.

Two brothers are serving in the army medical corps. Sgt. Carl Hyde is stationed at Camp Galesburg, Ill., and Pfc. Charles Hyde is at Camp Stewart, Ga.

Less than ten per cent of men selected for the U. S. Army Air Forces training schools fail to complete their courses.

Coins were first used in the Eighth century B. C.

### Post Cards Are Available To Send To War Prisoners

A limited supply of post cards to be sent to prisoners of war by their next of kin has been received at the local Red Cross office, according to Mrs. Louise C. Dean, executive secretary of the Allegheny chapter of the American Red Cross.

The cards may also be sent to civilian internees. Mrs. Dean said, and should be sent at intervals of not less than one or two weeks, to avoid censorship delays. Messages of twenty-five words may be typewritten or printed in block letters on each card.

The complete address of a prisoner of war may be obtained by writing to the Provost Marshal's Office, War Department, Washington, 25, D. C. Mrs. Dean said.

Stranded fliers often are dropped cans containing three blankets. The cans later become water buckets or cooking utensils.

## Legion Bond Sale On Armistice Day Totals \$11,000

### Purchases of Organiza- tions Are Expected To Boost Total

An estimated \$11,000 worth of Series E war bonds and stamps were sold at four bond booths and credited to Port Cumberland Post No. 13, American Legion, and Cumberland Post No. 164, Fort and Eight Society, on Armistice day, Samuel A. Graham, chairman of the Legion's Mountain district committee in charge of the day's program, announced last night.

The E bonds were sold at booths in the Port Cumberland hotel, Rosenbaum's, McCrory's and the Strand theater, Graham said, and are in addition to purchases of bonds through city banks by various organizations and which will be credited to the Legion. He added that the exact figure will not be determined for several days.

Graham termed the Armistice day parade Saturday night one of the most successful here in a number of years and pointed out that service organizations from most of the posts in the Legion's Mountain district participated.

**Playing Card Receipts Good**

Contributions to the playing card fund of the Fort and Eight Society were very good, and Graham said, though the exact amount received will not be learned until a check is made tonight.

The contributions came from the mass of spectators who jammed downtown sidewalks and braved a chill November breeze to witness the marching of local service and military groups.

Bands in the parade included those of Port Hill and Allegheny high schools, of Cumberland, Hyndman, Pa., high school, the Mt. Savage band, the Lonaconing city band, the Sons of the Legion drum corps and the drum corps of Fulton Myers Legion post.

**Dance and Smoker Held**

Legionnaires held a dance at the home of Port Cumberland Post after the parade and a smoker at Post No. 70, Twenty-ninth Division Association, held its annual supper and smoker at the Queen City hotel.

The observance of Armistice day here started at 10:45 a. m. Saturday with a memorial service conducted by the Legion in City Hall plaza. A large wreath was placed at the pedestal of the country's honor roll in City Hall by the local Legion post while many other floral tributes were placed by parents or wives of men on the honor roll who have made the supreme sacrifice.

A war bond rally followed the morning service and resulted in the sale throughout the day of the estimated \$11,000 in E bonds, all of which will be credited to this county's total in the approaching Sixth War Loan drive.

**Veterans Return**

Four wounded veterans from Newton D. Baker General hospital, Martinsburg, W. Va., took part in the rally. The soldiers, Tech. Sgt. James Butcher, Baltimore; Pfc. Harry Burcham, Kilmanning, Pa.; Pfc. William Foster, Scranton, Pa.; and Pfc. Eliza Wiseman, Junior, W. Va., returned to the hospital yesterday.

At the memorial service yesterday morning, Lloyd M. Lora, Grafton, W. Va., received the Purple Heart for wounds suffered in the First World War. George M. Leib, Maryland Department commander of the Military Order of the Purple Heart, made the presentation.

## James Craig Is Recovering from A Long Illness

Information concerning three former members of the Cumberland News staff was received here over the weekend in a letter to O. J. Hale from Capt. Donald R. Moore, who is located "somewhere" in the Southwest Pacific with an air base security battalion.

Capt. Moore wrote that he had heard from both Manning Williams of the navy, and James B. Craig, of the army, but that he has not been able to see either of them. The letter from Williams was written on Oct. 8, just before he left for Australia prior to taking part in another invasion which, Capt. Moore believes was the action in the Philippines.

Craig wrote Capt. Moore on Sept. 30 that he had been in the hospital for two months with malaria, jaundice and pneumonia but the former News reporter wrote that he is now O. K. Craig went to Australia early in 1941 and has been active in New Guinea and other battlefronts.

## Seven Births Are Reported Here

Mr. and Mrs. Walter Roman, Homewood addition, announce the birth of a son yesterday evening at Allegheny hospital. The father is employed by the B. and O. as a brakeman.

A daughter was born to Mr. and Mrs. George Taylor, 207 Carroll street, at Allegheny hospital yesterday.

The father is serving in the navy.

Mr. and Mrs. Joseph McKenzie, Frostburg, announce the birth of a son yesterday morning at Miners hospital, Frostburg.

A daughter was born to Mr. and Mrs. Arley Dolly, 224 Arch street, at Allegheny hospital yesterday morning.

Mr. and Mrs. Robert Hager, 332 Baltimore avenue, announce the birth of a son Saturday afternoon at Allegheny hospital.

Mr. and Mrs. James F. Wray, Miami, Fla., announce the birth of a son at Jackson Memorial hospital, Miami, October 10. Mrs. Wray is the former Miss Patsy Beckman, this city.

## George Hammersmith Is Slightly Wounded

A former Cumberland resident, Cpl. George F. Hammersmith, Baltimore, son of Mrs. Rose Hammersmith, 209 Fairfax street, was slightly wounded in action in France August 2, according to a War department message to his wife, Mrs. Doris L. Hammersmith, 818 Carroll street, Baltimore.

Cpl. Hammersmith, now recovering in a hospital in England, entered the army nine years ago. He served in the Hawaiian Islands with an infantry unit before the attack on Pearl Harbor, and he was stationed in Italy before being sent to France.

## 13 Tons of Cans Collected; Paper Drive Dates Set

Cumberland's first tin can collection in four months netted thirteen tons in the two-day period. W. Donald Smith, salvage chairman, reported last night.

Seven tons of the total were collected from the section north of Greene street, Baltimore street and Baltimore avenue, and the remaining six tons were picked up Saturday in the area south of those streets. LaVale and Bowling Green also were included in Friday's pick-up.

Smith predicted before the drive that between thirteen and eighteen tons of cans would be collected to exceed the thirteen-ton amount netted in the previous drive, and even though the thirteen-ton mark was reached, salvage officials were a trifle disappointed because that figure was not exceeded.

Cans collected were dumped into a freight car in back of the Algonquin hotel for shipment to the Vulcan Detinning Company at Pittsburgh, Smith said.

He reported last night that dates for the next monthly wastepaper drive have been set as November 28, 29 and 30 and December 1.

The usual collection schedule will be followed and Smith urged that all residents of the city save their wastepaper and place it on the curb to be picked up prior to the collection hour of 9 a. m. Persons who failed to put tin cans on the curb before that time were responsible, he said, for between two and three tons being uncollected on Friday and Saturday, and he added, he hopes a similar situation does not occur during the wastepaper collection.

## COMMUNITY PROGRAM WILL BE DISCUSSED HERE THIS EVENING

The conservation of human resources and the need for a completely rounded community program will be discussed by Dr. and Mrs. J. H. Ogden, of the University of Virginia, and John Fischer, attached to the board of education, Baltimore, at 7:30 p. m. today.

They will be guests at a meeting of the Allegheny County Co-ordinating Council of social agencies at the board of education building, Washington street.

Dr. and Mrs. Ogden, employed by the extension division of the university, are studying community programs with reference to the co-ordination of resources and activities, report their findings periodically in booklet form under the title of the "New Dominion Series."

Fischer is one of the designers of the Baltimore civilian defense training program now in operation in Baltimore schools. He is a member of the Board of Boy Scouts of the Baltimore area, and he was awarded the Silver Beaver in 1939 for "distinguished service to boyhood."

He is also a member of the National Education Association and the National League to Promote School Attendance.

The discussions will constitute one of a series of programs planned by the co-ordinating council here to advance the co-ordination of activities and services of all local social and educational agencies.

## Joseph A. Schriver Escapes Injury when Machine Hits Garage

Joseph A. Schriver, Cumberland businessman, escaped injury Friday when the station wagon state police said he was driving struck a pole on the north side of Route 40, swerved across the highway and crashed against a frame garage operated by Victor Rehmann at Eckhart about 6:30 p. m.

According to State Trooper Graydon S. Dunlap, Schriver was driving toward Frostburg when the accident occurred. He said the vehicle struck the pole a glancing blow and then veered across the highway to hit the garage about sixty feet farther west.

Damaged, Dunlap said, adding that the doors were torn off. He said there was slight damage to the station wagon.

## Father John Smith Dies in Baltimore

The Rev. John A. Smith, 66, a native of Mt. Savage, died yesterday at Bon Secours hospital in Baltimore. He had been hospitalized since he suffered a paralytic stroke two and a half years ago.

Father Smith was the son of the late Mr. and Mrs. Joseph Smith, Mt. Savage. He studied at St. Charles college and St. Mary's seminary, and he was ordained in Baltimore in 1905 by the late James Cardinal Gibbons.

From 1905 until 1907 Father Smith was assistant pastor at St. Joseph's church, Baltimore, and for the next seventeen years he was assistant pastor at Corpus Christi church, Baltimore.

In 1924 Father Smith went to Westernport, where he was pastor of St. Peter's church until 1928. In that year he returned to Baltimore, where he became pastor of the Immaculate Conception church. He was brother Francis J. Smith, McKeesport, Pa., survives.

## Blacksmiths Local Installs Officers

Thirteen officers for the coming year were installed at the regular monthly meeting of Local No. 32 International Brotherhood of Blacksmiths, Drop Forgers and Helpers, in the Allegheny Trades Council hall, 123 Frederick street, at 4 p. m. yesterday.

Those installed were Woodrow W. Grimes, president; Joseph W. Duffy, vice president; Hugh M. O'Rourke, recording secretary; Melvin W. Poland, financial secretary; Charles R. Croston, treasurer; Archie Huffman, conductor; John R. Greise, shop chairman; William Clyde, vice chairman in charge of the second trick; Edward W. Clyde, second vice chairman in charge of the second trick; and Charles Lee, Archie Huffman and James C. Kessler, on the helper committee for the first, second and third trick, respectively.

The new officers were installed by Samuel E. Kesner, outgoing vice president. Two new members, Donald Lee Dreyer and Emory LeRoy Van Meter, received the obligation, which was administered by John R. Greise, chairman.

## Voting Machines Are Advocated By Attorney General

Suggesting that voting machines be installed in Allegheny county, Attorney General William C. Walsh said yesterday that the county already has the authority, with the approval of the board of election supervisors and the county commissioners, to use voting machines here.

Walsh pointed out that under the provisions of Section 294 to 298 of Article 33 of the code, which deals with elections, the county is authorized to use the machines. This law was passed in 1938, and it could be amended by the legislature at its next meeting in January if any of the provisions are inadequate.

James E. Kenny, president of the county board of election supervisors, stated recently that new registration books will be required in the county because the present ones are already filled up, and that a new registration should be held because the present books contain the names of many persons who have either moved away or died.

Walsh declared that voting machines would prevent voters from spoiling their ballots, and would hasten the counting of election returns. The initial cost of the machines would be considerable, but could be taken care of by the decreased number of election officials required and by the saving in time worked by those officials, he added.

Walsh said he was making the proposal at this time so that it could be considered by the election supervisors and the county commissioners well in advance of the 1946 elections.

## Cpl. W. E. Miller Dies Instantly In Plane Crash

### Wreck Occurs in "Difficult Terrain" in New Mexico

Cpl. Wilbur Earl Miller, 26, was killed instantly when the four-engine bomber in which he was flying crashed and burned at 9:35 p. m. Friday about twenty-five miles southeast of the Clovis, N. M., army air field, according to a War department message received Saturday by his widow, Mrs. Irene Reall Miller, and his parents, Mr. and Mrs. Lawrence J. Miller, 538 Central avenue.

Details of the accident were not contained in the War department telegram although Cpl. Miller's family was informed the crash occurred in "difficult terrain" near the New Mexico-Texas border.

Army officials are investigating the cause of the crash, the wire stated, and an Associated Press dispatch from Clovis disclosed that Cpl. Miller was one of six officers and nine enlisted men who were killed when the bomber wrecked.

Cpl. Miller took the Elks Refreshment course here and enlisted as an aviation cadet on February 18, 1943. He trained first at Miami Beach, Fla., and then was sent to Xavier university, Cincinnati, O., before being transferred to San Antonio, Tex.

From San Antonio, Cpl. Miller was sent to Cimarron field, Oklahoma City, Okla., and then to Lowry field, Denver, Col. From Lowry field, he was transferred to Fort Meade, Fla., and on September 8 this year was home on furlough for fifteen days. When he returned to duty he reported to Clovis.

Cpl. Miller attended Allegheny high school until 1937 and then went to work at the Celanese plant where he was employed before entering the service.
